THOMAS DEWAR CANNOT COME.

Will Not Be Able ta Take in the Ormond-Daytona Race Meet This Year.

An Interesting Letter.

There will be general disappointment among the friends and acquaintances of Sir Thomas H. Dewar, when it is known that the famous British sportsman will not be able to visit the United States this winter, says Morgan's Motoring Messenger, as he had originally intended.

There is a people that had an opportunity of seeing the many-sided Britisher, who is the close companion of Sir Thomas Lipton, and an intimate acquaintance of King Edward of England, even socially understood and believe Sir Thomas when he says that the loss to him through not being able to see the Florida and Cuban tournaments is great.

It is not generally known, but it is a fact nevertheless, that Sir Thomas Dewar is not an ornamental member of the British Parliament, but a most active one and a strong supporter of not only the Government, but also of Joseph Chamberlain, whose ideas of tariff reform the Scotch baronet supports loyally. As a speaker, Sir Thomas Dewar won new laurels at the banquets tendered him in this country last winter and also at Ormond, Florida, when he made that clever impromptu address in response to the presentation of a souvenir of his visit.

Sir Thomas Dewar writes W. J. Morgan as follows:

"I have to own receipt of your favors of September 27 and October 11. I have seen S. F. Edge, and have had long conversations with him in reference to the Florida races and the question of freak cars. I quite appreciate what you say of the difficulty of classing cars, as freak cars are admitted in the races provided they are within the international weight classification, but I do think that if some reconsideration of the rules were made, limiting cars to those of commercial form, it would give much greater inducement to manufacturers of foreign countries who enter their racers form competition.

"I have been looking forward to the trip to Florida, but discover, after consulting my political party, that the next session of Parliament will be a very eventful one, inasmuch as the Government will go out of power and an appeal to the country will be made. It is important that all supporters of the government should be close at hand, as they will be required at any time in February, for there is no saying when the dissolution will come, and as a supporter of the present Government, I cannot be out of London at that time, as every supporter will be required. This would mean that if I went to Florida I should be one of the undesirables found wanting, especially as it is my intention the next time I go to Florida, to spend some time there and eventually go along to Cuba.

"Under the circumstances I have had reluctantly to consider this question very seriously and postpone my visit until some future date. Pleasant recollections of that beautiful country are still fresh in my memory so strongly that I look forward to another visit. I hope that the question of freak cars will be modified so that competitors from this country will have an opportunity of taking part in the races.

"The Vanderbilt road race seems to have been a very great event and has been well recorded in all the papers here; in fact it has been a matter of great interest not only to motorists, but to the public generally, who seem to be taking an ever growing interest in everything done by our American cousins. Our synonyms are hasty pudding and our greater length more events which happen in your great country, and by this means are strengthening that fine feeling and esteem cordials which it is such a pleasure to own has existed between the two nations for so long past."

Regarding the Daily News.

The fifth issue of the Daily News today makes its appearance and already the circulation books show a noticeable increase in its list of subscribers. The composing rooms are still somewhat handicapped on account of not having enough help, but within a few days this will have been remedied, and then the management will be in a position to give the public a better paper.

The paper is delivered to subscribers at the rate of 15 cents per week, and if you was the publication, ring up 18, and talk to the office, or tell the carrier boys.

We will be glad to hear from readers of the paper about anything tending to the betterment of the sheet.

Mrs. W. F. Wolfe, wife of the station agent at Jensen, died last week. She leaves five small children.

ROYAL ARCH CHAPTER MASONS

Local Members Go To Titusville To Institute a Lodge--Daytona Masons Soon To Elect Officers.

Quite a number of the local Masons left here this afternoon for Titusville, to attend the institution of a Chapter of Royal Arch Masons in that town. On the train passing through here were several from Palatka, St. Augustine and Jacksonville, who will take part in the installation.

Titusville has a flourishing lodge of Masons and there will be a large number of candidates for the new degrees. That the Titusville brothers will entertain them in royal fashion is a foregone conclusion.

THE LOCAL MASONS.

The Daytona Masons on the evening of December 20th will hold an important meeting, at which time the annual election of officers will take place. The installation of the newly elected officers will be held on St. Johns Day, December 27th.

THE HALIFAX ORANGE CROP.

Fruit on the Sandy Hills Will Be Scarce --Gro. H. Monroe Ships a Carload.

The orange crop along the Halifax will be about the same as last year, according to reports received from different groves. The fruit on the sandy lands will be scarce, while that in the hammocks will be above the average. Hon. George H. Monroe, who owns a 200-acre grove, will ship a solid carload to Chicago today. Halifax River brights, and expects to receive from 25 to 50 cents more per box on account of the superior quality of his oranges.

The last car of California Valencias sold in New York form total of $3,057.10. Six boxes of 112 sizes averaged $14.50, 37 boxes of 126 size averaged $14.37½, 113 boxes of fancy averaged $11.92½, choice grade $9.85, and 107 boxes of standard brought $6.12½ cents per box.

The Trade papers fall attention to the fact that these prices were realized in the face of an unusual supply of Florida oranges, the best of which sold for not over $3.00 per box.

New California Navels are now in the market in New York. The first car sold recently at an average of $2.42 per box. Two more cars of new Navels were sold one bringing $3.10 and the other $3.12. All were reported to be pale green, and not fit for market.

Licenses for Automobiles.

Mayor Smith wishes to advise the automobile public, that it is necessary for them to call at his office and secure license blanks and forward them on to Tallahassee to be registered by the Secretary of State. Accompanying each application must be a fee of $2.00. For failure to do this each machine owner is liable to arrest, imprisonment or fine not to exceed $100.

Little Herbert Mills, took a turn for the worse yesterday afternoon, and his condition for a time was serious. Today the little fellow is somewhat better but he is by no means out of danger.

The street sprinkler was at work on Beach street this morning, despite the fact that the ground was moist, and the indications were that we would have another rain storm within a short time.

Commodore J. H. Allen, of the Halifax River Yacht Club, left yesterday for Tampa, where he will receive his handsome launch, and bring it to Daytona. He expects to be absent about ten days.

City Attorney Barrs, and Commissioners Dignan, Warrington, and Knight, together with the other officials of the health department at Jacksonville, have been selected by the Board of Bond Trustees to succeed themselves.

AN INDICATION OF PROGRESS.

Many Handsome Homes and Business Blocks Have Been Erected of Late. Still the Rush is on.

Building operations in and around Daytona this fall have been very good, and the indications are that the town is on an era of great prosperity. Many handsome residences have recently been completed in various parts of the city and there are no less than a dozen homes of handsome architecture under course of construction. These residences vary in price from $2,000 to $10,000 and they are being fitted up in elegant style, commensurate with the progress of Daytona. Many are now in their last stages of completion, and the owners of several of them will arrive the latter part of the month to occupy the houses.

Not only have many dwelling houses been built of late, but the growing business interests of Daytona demand more stores and offices and to this end several business blocks costing into the thousands have been erected and already space has been leased or bargained for.

The Weather.

For East Florida: Fair tonight warmer in north and central portion. Thursday, fair.

New County Surveyor.

T. F. Brady has resigned the office of County Surveyor, and W. A. McBride, of Seville, has been appointed to the office.

Opera House Tonight.

A. W. Wyndham with the Imperial Kinetescope, illustrating the scenes of the Russian-Japanese War, will appear at the Opera House tonight. The "Bowery Time" will follow, and it is scheduled for Saturday night.

In Mayor Smith's Court.

In Mayor Smith's tribunal this morning there was a colored man arraigned for assaulting his wife. He made an attempt to explain the difficulties to the Mayor, but the evidence against him was too convincing. He was given a strong lecture and assessed $5.00. In yesterday's court there was a similar case in which the offender paid the same amount.

Looked Upon as a Monte Cristo.

C. G. Burgoyne, who is looked upon as a sort of Monte Cristo at Daytona, Fla., says Morgan's Motor Messenger, is an interested buyer of automobiles and his stable holds some fine specimens. Mr. Burgoyne seldom comes to New York unless he leaves a good sized check behind him for the latest in the automobile manufacturers art. Mr. Burgoyne is one of the best that can be found in Florida, and he keeps open house during the automobile tournament on the Ormond-Daytona beach, and last year gave a magnificent trophy for one of the races.

COUNTY COMMISSIONERS MEET.

A Volume of Business Transacted.--Will Advertise For Bids to Repair County Court House.

The Board of County Commissioners of Volusia County, met Monday evening at the county capitol, in regular monthly session. Those present were, Commissioners R. D. Brocke, W. H. McBride, T. L. Rodgers and T. J. Murray. On motion Mr. Rodgers was selected as temporary chairman.

The matter of road repairs was taken up, and reports from District 1 showed that repairs had been made on the Orange City and Deland road, also two miles of plankwalk laid on the Orange City and Enterprise road, and repairs to the Enterprise and Osteen roads. District No. 4—repairs on Volusia and Daytona road, while District No. 5 showed that work had been done on the Oak Hill and New Smyrna roads.

The attorneys for the board were instructed to draw up a contract with the State Military authorities, for rent of the Daytona Armory for the coming two years, at a rental of twenty dollars per month.

A Mr. Hay presented a claim for damages sustained to a horse. The matter was referred to the attorneys of the board for investigation.

The Daytona Gazette-News was designated as the newspaper in which the statement of the tax collections for the year 1905 to be published.

Considering the near approach of winter, the sheriff was instructed to provide the wood for the courthouse and jail.

Commissioner Rodgers made a report to the effect that he had collected $2.50 for two hours rent of the Daytona Armory.

The attorneys of the board were instructed to draw a deed in favor of D. W. Sailor, for one-half acre of county land on the Tomoka river.

The bills of the Criminal Court, amounting to $202.90, were examined by the Board and the clerk was instructed to draw warrants to cover them.

On motion, Isabelle S. Thursby was granted the right to capture the following birds for scientific purposes: warblers, sparrows, grosbeaks, finches, etc.; flycatchers, thrikes, titmice, woodpeckers, nuthatchers, gnatsuckers, wrens, blackbirds, thrushes, rails, grebes, sandpipers and Coneboos.

The Board then adjourned, until the following morning, when the business was again taken up.

On motion it was ordered that from the first day of December, the salary now paid Game Warden, M. Kurtz be discontinued, it being understood and agreed that all license moneys collected for hunting permits from December 1, 1905, be paid Mr. Kurtz for his services as game warden.

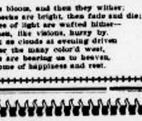
The clerk was instructed to advertise for bids for repairing the court house,

(Concluded on fourth page.)

A Poem for Today

THE FLIGHT OF TIME

By James G. Percival



SWIFTLY flow, thou falling river,
Like a dream that dies away;
Down to ocean gliding ever,
Keep thy calm, unruffled way;
Time, with such a silent motion,
Floats along on wings of air
To eternity's dark ocean,
Burying all its treasures there.

Roses bloom, and then they wither;
Cheeks are bright, then fade and die;
Shapes of light are wafted hither—
Then, like visions, hurry by.
Quick as clouds at evening driven
O'er the many colored west,
Years are bearing us to heaven,
Home of happiness and rest.

A Poem for Today

JOHN ANDERSON

By Robert Burns

JOHN ANDERSON, my jo, John,
When we were first acquaint,
Your locks were like the raven,
Your bonnie brow was brunt;
But now your brow is beld, John,
Your locks are like the snaw;
But blessings on your frosty pow,
John Anderson, my jo.

John Anderson, my jo, John,
We climb the hill thegither;
And many a canty day, John,
We've had wi' ane anither:
Now we maun totter down, John,
But hand in hand we'll go;
And sleep thegither at the foot,
John Anderson, my jo.

GILLE'S,
A Reliable Prescription Drug Store.

HOTEL NEWS

J. F. Tyson, Jr., of Savannah, is in the city as guest of The City Hotel.

J. Collins and H. Gayle, of Binghamton, N. Y., are among the recent arrivals at the Colonnades.

The afternoon's artistic were quite heavy and several of the hotels already have a number of guests.

H. D. Walters and W. H. Dunn, of Jacksonville, were among the arrivals at the City Hotel last night.

Workmen are engaged clearing the Jackson property near the station, and burning out the underbrush.

Mr. and Mrs. J. W. Callahan, of New York City, are at Seabreeze for an indefinite stay and have accomodations at the Colonnades.

Mrs. M. L. Starr and Miss A. G. Starr, of New Smyrna, are among the recent arrivals in the city and have pleasant accomodations at the Gables.

The incoming arrivals yesterday and last night were the heaviest so far recorded this season. Baggagemaster Calvin Reports that business in his department is increasing with great strides.

Fight at Union Meeting.

Last night's meeting of the Brick layers' Union, held at Union Hall, ended in a lively fight, in which one of the members had a scrap with another one. It is said that several blows were passed, but neither of the participants were injured to any extent.

Gardiner-Williams.

Charles Gardiner and Mrs. Harriet C. Williams were quietly united in marriage last evening at 8 o'clock, at their future home on North Beach street, by Rev. Mr. Sherrill.

There were only a few intimate friends and relatives present at the happy event.

Miss Elizabeth Wall was flower girl, while Master Mason Wall was ring bearer.

The house was perfectly decorated for the occasion. Many handsome presents were received which is a token of the high esteem in which the couple are held.

The Daytona News has re-established for the season of 1905-06 and the first issue is out as bright and newsy as heretofore.—Miami Metropolis.

Mrs. W. Maxwell Rankine is expected home in a few days from a visit of several weeks with relatives in Barrow.

There is a scarcity of carpenters and bricklayers in the city, and on this account contractors are handicapped in their work to some extent.

I. T. Rogers arrived here yesterday from Plainfield, N. J., and will spend the season here with his brother, D. D. Rogers and family.

Blessings of an Alphabet.

"Few people realize," said a college professor, "that the twenty-six symbols that we call the alphabet represent singly or in combination all the sounds of all the languages upon earth. By forming letters into words we are able to embody thought, to render it visible, audible, perpetual and ubiquitous. Confined in writing, the intellect may thus enjoy a species of immortality upon earth, and every man may paint an imperishable portrait of his own mind immeasurably more instructive and interesting to posterity than those fleeting likenesses of face and form intrusted to paint or sculpture, bronze or marble. What myriads have passed away, leaving not a word or a token by which the mental features of some contemporary writer survive to all the freshness and integrity with which they were first traced! Literary pelf lag is the greatest of all delinquents. For it we may thank the alphabet and the Phoenicians for the alphabet.

"If, now Gilchrist, I Dibit, who says that Phoenicia and Palestine would ever live to the memory of mankind since America so well as all Europe has received an alphabet from one and a religion from the other."

Eccentric Wagon Wheel.

A very interesting paradox is the one presenting an ordinary wagon wheel which is solid and rigid, yet when four wind on the axle on a wagon when the wagon moves part of the circumference of the wheel which is in contact with the ground is for an instant at absolute rest, while the point directly perpendicular to it is flying along at a high rate of speed. The two points horizontal with the center of the wheel are traveling pretty fast, but only half as fast as the topmost point, and as the spoke methodical point increases in speed the down going one slows up until it is at rest for a moment when in contact with the ground. Yet the wheel is one solid piece and there are only two points going at the same rate of speed at the same time. Yet if the wheel is taken off the axle and rolled down an incline every point of the circumference moves at the same rate of speed.

His Query Question.

Mudge—What an aggravating habit Wickwire has of answering a question by asking another! Yesday I never noticed it. Mudge—Now, for instance, last night I asked him if he would lend me $10. He didn't say whether he could or not, but asked me if I took him for a fool.

Proved Her Sense.

"Sensible girl, that!"

"Never thought her so."

"Well, when she refused me the other night she said she was sensible of the great honor I did her, and I say that being pretty sensible!"—New Orleans Times-Democrat.

Sure to Please.

When the stage manager told the heavy tank he was to play a certain part the actor said:

"I have never seen the play. Do you think I should please the audience?"

"Sure," said the manager. "You die in the first act."

Every man owes every other man a happy face.—Chicago Tribune.

The Schemers.

"Don't you sometimes think that people too much attached to money?"

"No," answered Dustin Stax. "If you work all the time you haven't any leave from it you'll realize that he has to be closely attached."—Washington Star.

Experience or Resolutions.

The Author's Wife—How can you write an up to date story when you haven't been on the water for years? The Author—Well, I've been married for twenty years, and yet I can write a love story.—Life.

The Bitter Sad.

A pupil in one of the New York public schools was asked to write a sentence containing the words "bitter sad." He turned in the following: "A dog chased a rat and bitter sad."

Without the Bitters.

Snacks—Did your wife's mother treat you with silent scorn? Jacks—No such luck; she just treated me with scorn.

THE RIDGEWOOD

His Prescription Failed.

Doctor (after the diagnosis)—Apparently your system is run down from nervousness superinduced by loss of sleep. My advice would be for you to try sleeping on your left side awhile. Fair Patient—But, doctor, I am slightly deaf in my right ear—and my husband talks in his sleep.—New York Times.

Gladstone's Unpopularity.

Gladstone was not beloved. He was an institution. How can one love an institution? A member told me that he asked another Liberal why he disliked Gladstone. The reply was, "Oh, he is always so in the right!"—From M. D Conway's "Autobiography."

Gold's Gilding Effect.

"That fellow is a perfect boor."

"S-s-sh! He's worth $4,000,000."

"That so? Well, as I was saying he's a man of marked individuality."—Pittsburg Post.

Low Tide on the Beach.

HOTEL NEWS

J. S. Tyson, Jr., of Savannah, is in the city, a guest of The City Hotel.

J. Callina and H. Goyle, of Binghampton, N. Y., are among the recent arrivals at the Colonnades.

This afternoon's arrivals were quite heavy and several of the hotels already have a number of guests.

H. D. Watters and W. H. Dunn, of Jacksonville, were among the arrivals at the City Hotel, last night.

Workmen are engaged clearing the Jackson property near the station, and burning out the underbrush.

Mr. and Mrs. J. W. Callahan, of New York City, are at Seabreeze for an indefinite stay and have accomodations at the Colonnades.

Mrs. M. L. Starr and Miss A. G. Starr, of Nova Scotia, are among the recent arrivals in the city, and have pleasant accomodations at the Gables.

The incoming arrivals yesterday and last night were the heaviest so far recorded this season. Baggagemaster Caldwell reports that business in his department is increasing with great strides.

Fight at Union Meeting.

Last night's meeting of the Bricklayers' Union, held at Union Hall, ended in a lively fight, in which one of the members had a scrap with another one. It is said that several blows were passed, but neither of the participants were injured to any extent.

Gardiner-Willaume.

Charles Gardiner and Mrs. Harriet C. Willaume were quietly united in marriage last evening at 8 o'clock, at their future home on North Beach street, by Rev. Mr. Sherrill.

There were only a few intimate friends and relatives present at the happy event.

Little Elizabeth Wall was flower girl, while Master Mason Wall was ring bearer.

The house was profusely decorated for the occasion. Many handsome presents were received which is a token of the high esteem in which the couple are held.

The Daytona News has re-established for the season of 1905-06 and the first issue is out as bright and newsy as heretofore.—Miami Metropolis.

Mrs. W. Maxwell Hankins is expected home in a few days from a visit of several weeks with relatives in Bartow.

There is a scarcity of carpenters and bricklayers in the city, and on this account contractors are handicapped in their work to some extent.

L. T. Rogers arrived here yesterday from Plainfield, N. J., and will spend the season here with his brother, D. D. Rogers and family.

Blessings of an Alphabet.

"Few people realize," said a college professor, "that the twenty-six symbols that we call the alphabet represent singly or in combination all the sounds of all the languages upon earth. By forming letters into words we are able to embody thought, to render it visible, audible, perpetual and ubiquitous. Embalmed in writing, the intellect may thus enjoy a species of immortality upon earth, and every man may paint an imperishable portrait of his own mind immeasurably more instructive and interesting to posterity than those fleeting likenesses of face and form intrusted to canvas or even to bronze and marble. What myriads have passed away, leaving not a wreck behind them, while the mental features of some contemporary writer survive in all the freshness and integrity with which they were first traced! Literary painting is the greatest of all delineation. For it we may thank the alphabet and the Phoenicians for the alphabet.

"It was Gibbon, I think, who said that Phoenicia and Palestine would ever live in the memory of mankind since America as well as all Europe had received an alphabet from one and a religion from the other."

Eccentric Wagon Wheel.

A very interesting paradox is the one concerning an ordinary wagon wheel which is solid and rigid, yet when fastened on its axle on a wagon when the wagon moves part of the circumference of the wheel which is in contact with the ground is for an instant at absolute rest, while the point directly perpendicular to it is flying along at a high rate of speed. The two points horizontal with the center of the wheel are traveling pretty fast, but only half as fast as the topmost point, and as the up going horizontal point increases in speed the down going one slows up until it is at rest for a moment when in contact with the ground. Yet the wheel is one solid piece and there are only two points going at the same rate of speed at the same time. Yet if the wheel is taken off the axle and rolled down an incline every point of the circumference moves at the same rate of speed.

His Queer Question.

Mudge—What an aggravating habit Wickwire has of answering a question by asking another! Yabsley—I never noticed it. Mudge—Now, for instance, last night I asked him if he would lend me $10. He didn't say whether he could or not, but asked me if I took him for a fool.

Proved Her Sense.

"Sensible girl, that!"

"Never thought her so."

"Well, when she rejected me the other night she said she was sensible of the great honor I did her, and I call that being pretty sensible!"—New Orleans Times-Democrat.

Sure to Please.

When the stage manager told the heavy man he was to play a certain part the actor said:

"I have never seen the play. Do you think I shall please the audience?"

"Sure," said the manager. "You die in the first act."

Every man owes every other man a happy face.—Chicago Tribune.

The Schemers.

"Don't you sometimes think that you are too much attached to money?"

"No," answered Dustin Stax. "If you knew all the schemes to pry a man loose from it you'd realize that he has to be closely attached."—Washington Star.

Experience or Reminiscence.

The Author's Wife—How can you write an up to date sea story when you haven't been on the water for years? The Author—Well, I've been married for twenty years, and yet I can write a love story.—Life.

The Bitter End.

A pupil in one of the New York public schools was asked to write a sentence containing the words "bitter end." He turned in the following: "A dog chased a cat and bitter end."

Without the Silence.

Snacks—Did your wife's mother treat you with silent scorn? Jacks—No such luck; she just treated me with scorn.

THE RIDGEWOOD

W. A. Whiting, of Burlington, Vermont, who occupied the Maley cottage on South Beach street, last winder has rented, through J. W. Wilkinson, one of the Brown cottages on Ridgewood avenue, and will be in Daytona for the winter about December 15.

SMITH & THOMAS, "We Sell The Earth."

Heroism Rewarded.

Years ago a vessel was wrecked off the northwest coast of Ireland. Crowds gathered on the beach to witness the scene. A few brave men came forward, and put out to the sinking vessel. As they come back to the shore with their burden of human lives the watchers cried: "Have you got them all? Are they all saved?" "Yes," was the answer, "all but one. If we had stayed for him all would have been lost." Instantly a stalwart fellow stepped out from the crowd and called for volunteers. The mother begged the young man not to go, saying: "Your father was lost at sea; your brother William sailed away, and we have never heard from him. If you go my all will be lost." Embracing her, he said, "I must go." In a short time he was seen returning. "Have you got your man?" cried the watchers. "Yes," was the reply, "and tell mother it is brother William."

The "Undertaker's Friend."

Both men and women when they decide to "wrap up" do so by increasing the number of layers of clothing in front over those on the back of the body. It is a great mistake. The main "telephone exchange" of the nerves of the body lies in the spinal cord, situated in the spinal canal, and this exchange has immediate, complete and instantaneous connection with the skin of the whole of the back of the trunk and is much more sensitive than that of the skin in front.

It behooves us, then, to see that the back is covered, if not more than, at least as much as, the front, between the shoulders. In men the thin back of the waistcoat is "the undertaker's best friend." In women it is the space between the top of the corset and the center of the neck, more especially in that type of garment popularly known as the "pneumonia bodice." – London Mail.

The Pulpit Buffoon.

Sir William Dugdale applied the name "pulpit buffoon" to Hugh Peters (1598-1660), the Jake Ivring Puritan clergyman, whose pulpit peculiarities made him a notable figure during the English civil war, when he held the post of chaplain to the parliamentary army. Peters was a born jester, and the pulpit set no bar to his broad humor and pungent witticisms—not always in the best taste, as, for example, when turning the bourgisns while preaching a long sermon he said, "Now, my friends, let us have another glass." His pulpit appeals were very effective in winning recruits to the parliamentary army, and when a town was to be taken by assault the storming parties were first stimulated to the task by a rousing sermon from their chaplain.

The Reason For It.

She—No, Mrs. Gayley is not popular. The moment she entered the room where the sewing circle was assembled there was a painful silence everywhere. He—I see. A silence is so particularly painful to women that the person responsible for such a condition must of necessity be unpopular.

Knew Her Mamma.

Policeman—Well, my little dear, if you can't tell me your mother's name or where she lives, how are we to find her? Little Girl (last while out shopping)—Jee' put me in a shop window, an' mamma 'll be sure to see me.

Admirable.

"Addrodacles" is an Indian word meaning "wood eaters" and was a term applied to derision to a defeated Indian tribe driven to the mountains by the Iroquois and forced to live there on bark and berries.

He only is advancing in life whose heart is growing softer, whose blood warmer, whose brain quicker, whose spirit is entering into living peace.—Ruskin.

....Wanted....
1,000 Reporters!

The Daily News wants 1,000 reporters. No, this is not a joke. We really want them, and we won't be happy until we get them.

In other words, The Daily News wants every person, male and female, 18 years of age and over, in Daytona and its environs, to get on the staff of the paper. The Daily News wants every scrap of local news that is worth printing to appear in its columns. The best way to get it is to ask the people who know about the news to send it to the paper.

So if you know of anything that has happened, or is about to happen, tell the City Editer about it or write to him.

Let every man and woman, youth and maid in and around Daytona become a reporter The Daily News.

DAYTONA AND ITS ATTRACTIONS.

The Queen City Of FloridA.

From the T. J. C. Railway Booklet.

10 Miles from Jacksonville $2.20
Parlor car 2.20
Round trip 4.40

4 Miles from St. Augustine:
Parlor car $2.20
Round trip 4.40

DAYTONA is situated upon the east bank of the Halifax River, at the safest entrance and midway between the ocean at Ponce Inlet and the outlet at Mosquito Inlet. It is in latitude 29, and is 54 miles from St. Augustine and one mile from the Atlantic ocean, and is acknowledged to be without a rival for beauty among the cities of the south. Its site is such that is known as high ground and that was created by nature with a most natural growth of its original forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that on the high, wide avenues under inherent the town are lordly live and under oaks of luxurious, mossy of them draped with graceful festoons of the gray Spanish moss, that overarch wide street and walks, and among these are interspersed luxuriant palmetto, plumy bamboo and magnolia, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the magnolia climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies installed with the Halifax River, and extends for nearly two miles along the shore. The river is the delight of the sailor and the yachtsman and forms one of the most attractive features.

The main avenues that run parallel with or intersect the river are all too fast wide, except Beach street, which is about sixty five feet, but has a half-mile of open, beautiful water stretching upon its eastern side. Where the salt waves ebb and flow and alone and among which comes the cooling, invigorating and health giving breeze from off the wide Atlantic, which brings and under the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded and shaded roads and streets, rendering it the

Pleasure's Paradise

and aided to these, but a mile away are widely noted resorts, and beach that affords an unrivaled course for long distance cycling and driving or automobile racing. No town of equal size, north or south, rivals Daytona in bicycling, and cycling is a favorite pastime with the feminine summer and winter.

The Beautiful Cottages

that have been erected during the past few years are being built are rendering Daytona an ideal home, because as for its beautiful river, trees and avenues, and they add a great charm to its attractions.

Among the least of these attractions to those seeking homes in the South, will be found several only for health, fitness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, attributed to the advantages of home and social life. Added to these features are the most liberal free public and private schools, stores, hotels, banks, meat markets, novelty works, an opera house, electric lights and street and home illumination, a good telephone system, ice factory, the Water Works and hot and cold baths, etc., and everything else can be desired that is necessary to make life comfortable. An important fact, are the healthfulness of this town is the

Water Supply

which is derived from numerous flowing wells of which there are probably 500 in the corporate limits. The flow is carried by large mains to the depth of from 80 to 150 feet, passing through several strata of rock, and the depth assures purity from all surface contamination. The water is elicitly impregnated with minerals and iron, and holds sulphur in the stone of ore which soon passes away.

The Population

of Daytona is about 1,500. Added to this is a suburban population on each shore and peninsula of about 1,000 at Glenston, Blake, Old Smithtown or at reasonable prices.

Goodall, Seabreeze and River Beach which are properly a part of the town and population.

Daytona Beach

lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues and is the principal resort for those not south of St. Augustine. It has many handsome dwellings and stores and all other places south of that city can boast, and is open for business winter and summer. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who know rich Northern and Western summer resorts declare that there are none so perfect in comfort as Daytona Beach.

Automobile Race Meet.

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as asphalt, and on level stretch of thirty or more miles without a break, unless it the natural facts ground for America.

At low tide the beach is bared for 200 feet and neither carriage wheel bicycle or pedestrian can make any hardly visible impress on the smooth and well-packed sand. It is not an common sight to see surf-raced boy ride speeding with the velocity of the wind before a stiff breeze along the smooth beach, and the exhilarating and exhilaratior sport known to man. Besides these, miles of hard-packed roads fringed boulevards bring the lover of the wheel and vehicle into direct touch with the unlimited and delightful leisure which span the splendid Halifax River.

The beach from the sandy bluffs to the breaker is from 150 to 200 feet, about 500 feet, and the average depth of the surf seaward about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf bathing while the Halifax as well as the protected veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test its strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula

lying between river and ocean is one half mile wide, and is being rapidly improved, and choice spots are for sale at reasonable prices. Two ocean piers, a pavilion and a large casino.

A Remarkable Feature

at Daytona has been the yearly increase in the number of cottages and the buildings that are being erected for homes and for rental. All of North and West have become awakened to its advantages as a winter residence, and valuable lots are being purchased and cottages and bungalows, in design and finish, are being erected, and beautiful homes in the midst of wealth and culture are multiplying.

Seabreeze

is the most beautiful of the suburban settlements on the Ocean side of the causeway, across the Halifax River from Daytona.

At the foot of Seven Boulevard Seabreeze, a pier reaches 600 feet across the beach into the gentle surf of the ocean. This pier is a favorite resort of those in search of the sport of fishing. Here abounds in trout, pompano, sel lucetti, sea bass, whiting, channel and many other varieties of white fish. During the winter season the famous sea bass affords rare sport, and it has been the experience of many to land a thousand pound of this monster fish in the afternoon's sport. Many of them running from fifteen to thirty-five pounds in weight and only does the ocean offer the splendid sport but the Halifax River also holds a rare back of the ocean. Especially famous for its fine fishing and the varieties that abound in these waters are present in the river.

Hunting and fishing and, Fishing parties and guides and dogs may be had at reasonable prices.

G. L. Jacksonville, a resident of Titusville, is expected to arrive for the 15th inst. to spend the winter in Daytona.

W. J. M. Taylor, of Key West, has been appointed Norwegian Vice Consul there. He also represents the Swedish government.

W. M. Pope, deputy clerk of Dade County, passed through here yesterday enroute from Washington, Ga., to his home at Miami.

Dr. E. H. Armstrong, the Jacksonville eye specialist, left this morning for St. Augustine, where he will remain, the balance of the week.

Smith and Thomas, the real estate dealers, have purchased a Cadillac machine, from McCoy Brothers. Their motor recently died, but now, they intend to use the horseless carriage.

E. J. Walker and Fred D. Miller, two well known railroad men of Atlanta, who spent the past day or two here, left today for Miami.

Smith and Thomas, the real estate dealers, have purchased a Cadillac machine, from McCoy Brothers. Their motor recently died, but now, they intend to use the horseless carriage.

J. H. Schuyler, of Detroit Mich., is among the recent arrivals in the city. He has leased the south window in the Mills building through Smith and Thomas, and will in a few days open a jewelry shop.

Dr. F. H. Houghton, of Titusville, is in the city and is making arrangements to open a dental office here in the near future. Dr. Houghton has a number of friends in this city who will be glad to have him here.

During Advent there will be services at St. Mary's church on Fridays at 3:30 p. m.

George W. Byrnes, of Jacksonville, after spending a few days in the city, left last evening for the north.

J. A. Embry, Jr., of St. Augustine representing the National Biscuit Company, is in the city on business.

J. F. Grimes, of Cocoa, East Coast representative for the C. B. VanDemark company, of Jacksonville, is in the city today on business.

Miss Annie L. Burnett, of Lake City Fla., after spending a week here with her sister, has accepted a position in Mills Ice Cream parlor.

Frank Sherrin, of Ocala, and Philip Grange, of Jacksonville, were among the traveling salesmen spending the day in the city.

Mr. and Mrs. Benjamin Mason and R. I. Will left this afternoon for Havana, Cuba, from which point they will go to the Isle of Pines. Mrs. Will will follow in a week.

Charles B. Kendall, manager of the Tropical Sun at West Palm Beach, passed through the city today, enroute home from a business trip to Jacksonville and St. Augustine.

General Manager G. F. Miles, of the Coast Line Canal and Transportation company, has returned to St. Augustine from Pomfret, Ct., accompanied by Mrs. Miles. The gentleman will leave St. Augustine in a few days on a tour of inspection of the canal work.

William M. Kelley, of Watertown, Wis., arrived in the city Tuesday to spend the winter months. Mr. Kelley is highly pleased with Daytona's admirable climate, and he prefers this place to any he has yet visited. He has a number of friends here, and they are always glad to welcome him.

(Concluded from first page.)

County Commissioners Meet.

and it was agreed that all such bills be submitted to the clerk before January 1st, 1909.

The application of S. B. Brooke to carry a revolver was approved and the clerk was instructed to issue a license therefore.

The treasurer submitted his report for the month of November, together with his books and accounts, which were examined, and the said warrants destroyed.

Gray Eyes and Lovelight.

There are no finer eyes in the world than those clear gray eyes of Quaker girls that look out from the face of every good woman's face. Sometimes or other they fill you with a vague desire to pray. They are the eyes that shine with lovelight in beautiful old world, the light of an exceeding kindness for all living things.

The green one has had a bad reputation. Shakespeare speaks of eyes "green as leeks" and Jealousy as a "green eyed monster." A person with green eyes is often stigmatized as "cat eyed" and is supposed to possess all a cat's purring and ingratiating insinuation.—Brown Book.

A Scotch Transaction.

A Highlander who said treasure went into a barber shop in Glasgow to get shaved. The barber bought one of his treasure and after he had shaved him asked the price of it. "Twopence," said the highlander. "No, no," said the other, "I will give you a penny, and if that does not satisfy you take your treasure again." The highlander took it and asked what he had to pay. "A penny," said the barber. "I will give you a bawbee, and if that doesn't satisfy you put on my beard again."—London Tatler.

DAYTONA AND ITS ATTRACTIONS.

The Queen City Of FloridA.

From the F. E. C. Railway Booklet.

110 Miles from Jacksonville.
Fare one way.....$3.30
Round trip.....6.60

74 Miles from St. Augustine.
Fare one way.....$2.20
Round trip.....4.40

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy four miles from St. Augustine and one mile from the Atlantic ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of to-day, with its beautiful cottages and well graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelopsis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, marled and shelled roads and streets, rendering it the

Wheelman's Paradise

and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages

that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply

which is derived from numerous flowing wells of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona

proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach

lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect in comfort as Daytona beach.

Automobile Race Meet.

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bared for 300 feet and neither carriage wheel bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled palm fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebbtide, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the grey haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula

lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature

of Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abode of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon, individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing and the varieties that abound in the ocean are present in the river.

Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.

G. L. Mandeville, a resident of Titusville, is expected to arrive by the 15th inst. to spend the winter in Daytona.

W. J. M. Taylor, of Key West, has been appointed Norwegian Vice Consul there. He also represents the Swedish government.

W. M. Pope, deputy clerk of Dade County, passed through here yesterday enroute from Washington, Ga., to his home at Miami.

Dr. E. H. Armstrong, the Jacksonville eye specialist, left this morning for St. Augustine, where he will remain, the balance of the week.

E. J. Walker and Fred D. Miller, two well known railroad men of Atlanta, who spent the past day or two here, left today for Miami.

Smith and Thomas, the real estate dealers, have purchased a Cadillac machine, from McCoy Brothers. Their horse recently died, but now, they intend to use the horseless carriage.

J. H. Schreyler, of Detroit Mich., is among the recent arrivals in the city. He has leased the south window in the Mills building through Smith and Thomas, and will in a few days open a jewelery shop.

Dr. F. H. Houghton, of Titusville, is in the city and is making arrangements to open a dental office here in the near future. Dr. Houghton has a number of friends in this city who will be glad to have him here.

During Advent there will be services at St. Mary's church on Fridays at 3:30 p. m.

George W. Byrnes, of Jacksonville, after spending a few days in the city, left last evening for the north.

J. A. Enslow, Jr., of St. Augustine, representing the National Biscuit Company, is in the city on business.

E. F. Grimes, of Cocoa, East Coast representative for the C. B. VanDeman company, of Jacksonville, is in the city today on business.

Miss Annie L. Burnett, of Lake City Fla., after spending a week here with her sister, has accepted a position in Mills Ice Cream parlor.

Frank Stevens, of Ocala, and Philip Strange, of Jacksonville, were among the traveling salesmen spending the past few days in the city.

Mr. and Mrs. Benjamin Mason and R. I. Wall left this afternoon for Havana, Cuba, from which point they will go to the Isle of Pines. Mrs. Wall will follow in a week.

Charles B. Kendall, manager of the Tropical Sun at West Palm Beach, passed through the city today, enroute home from a business trip to Jacksonville and St. Augustine.

General Manager G. F. Miles, of the Coast Line Canal and Transportation Company, has returned to St. Augustine from Pomfret, Ct., accompanied by Mrs. Miles. The gentleman will leave St. Augustine in a few days on a tour of inspection of the canal work.

William M. Kelley, of Watertown, Wis., arrived in the city Tuesday to spend the winter months. Mr. Kelley is highly pleased with Daytona's admirable climate, and he prefers this place to any he has yet visited. He has a number of friends here, and they are always glad to welcome him.

(Concluded from first page.)

County Commissioners Meet.

and it was agreed that all such bids be submitted to the clerk before January 1st, 1906.

The application of S. B. Brooke to carry a revolver was approved and the clerk was instructed to issue a license therefore.

The treasurer submitted his report for the month of November, together with his books and accounts, which were examined, and the paid warrants destroyed.
